BIBLIOGRAPHIE SOMMAIRE
SUR LE PORT ET LE SECTEUR RIVERAIN DE TORONTO

Roy Merrens
Novembre 1989

La présente bibliographie sommaire donne la liste des divers documents sur le port et le secteur riverain de Toronto qui ont été publiés ces dernières années par différentes personnes, notamment des chercheurs, des journalistes, des architectes, des urbanistes, des ingénieurs. La plupart des ouvrages mentionnés se trouvent, soit sous leur forme originale soit sous forme de reproduction, dans la collection sur la Société canadienne des ports de la carthothèque de la bibliothèque Scott de l'Université York (collection qui est temporairement gardée dans les bureaux de la Commission royale sur l'avenir du secteur riverain de Toronto); les ouvrages ne figurant pas dans cette collection peuvent se trouver dans une autre bibliothèque de l'Université York. L'auteur est ouvert à toutes propositions concernant les ajouts et les corrections à apporter.

Cette bibliographie est beaucoup plus importante et plus complète que les éditions précédentes. La préparation de cette version révisée a été facilitée par les efforts de Monica Morrison et de Charity Landon, du Centre canadien de documentation sur le secteur riverain, créé par la Commission royale sur l'avenir du secteur riverain de Toronto.

Cartes

1. *People's guide to the Toronto waterfront*. Carte en couleurs de 106 cm x 33 cm qui, une fois pliée donne 16,5 cm x 9,5 cm. Toronto: University of Toronto Press [1972]. Produite par Kenneth Greenberg et H. Roy Merrens.
[En médallion, carte de l'agglomération torontoise. Des dessins et des données fournissent des renseignements sur les ressources récréatives du secteur riverain.]

2. *Port and harbour of Toronto: January 1988*. Carte en couleurs de 141 cm x 48 cm qui, une fois pliée donne 21,5 cm x 27,5 cm. 1980. Produite par les Toronto Harbour Commissioners.
[Au recto de la carte figurent des renseignements sur diverses questions concernant le port, des statistiques, d'autres cartes et des photographies.]

3. *The Spit is ... alive*. Dépliant de poche [1985]. Produit par la Information and Communication Services Division, Department of the City Clerk for the City of Toronto, avec la collaboration de la Faculty of Environmental Studies, York University, et les Friends of the Spit.
[C'est un guide très en demande sur la flèche.]
